Introduction

Historic 1925 C&O Caboose, Bangor, MI, 2018.

MISSION STATEMENT:

It is the mission of the City of Bangor Downtown Development Authority to:

- *Correct and prevent deterioration in the downtown district;*
- *Encourage historic preservation;*
- *Promote the economic growth of the district; and*
- *Increase the quality of life for Bangor residents and visitors.*

Executive Summary and Purpose of the **Bangor Downtown Development Authority (DDA)**

INTRODUCTION

P.A. 197 of 1975 (as amended), the public act passed by the Michigan legislature that allows for the creation of Downtown Development Authorities (DDAs), requires DDAs, once formed, to prepare a plan that defines the Downtown Development/Tax Increment Financing District (TIF), serves as a guide for all the activities of the DDA, and provides estimates of the anticipated cost of these activities. The typical life span of the TIF and Development Plan is 20-30 years. These plans are very comprehensive and encompass a wide variety of activities which may take several decades to complete.

The statutory job of DDAs as stated in P.A. 197 includes the following; “correct and prevent deterioration in business districts, to encourage historic preservation... to promote economic growth...to develop and implement development plans... to authorize the use of tax increment financing...” The purpose of the TIF Development Plan is to spell out how the DDA is going to accomplish these objectives. The City of Bangor created its Downtown Development Authority via an ordinance adopted by the City Council on September 13, 1979 after the enabling legislation was passed. Bangor’s first DDA and TIF Development Plan was written and approved in 1998. In 2013, the DDA hired a new part time director to facilitate the creation of a new TIF Development Plan to guide its activities for the next 30 years.

PURPOSE OF THE 2018 DOWNTOWN DEVELOPMENT AND TIF PLAN

Over the years Bangor has completed comprehensive plans to guide its orderly development to ensure continuity and quality of life. Since the 1998 Plan was adopted, there have been many changes affecting the local, state and national economy. As a result, the DDA felt that it was again time to re-examine the plan, and update it to reflect priorities and include activities that have become important in today’s economic reality.

The DDA wishes to improve existing - and attract new - commercial investment in the downtown area. This plan will focus the DDA’s efforts on district-wide activities such as infrastructure improvements, streetscape, pedestrian and bicycle improvements, wayfinding and marketing and promotion. Additionally, this plan includes place-specific improvements such as gateway improvements and redevelopment assistance on specific properties. The duration of the plan is 30 years, running through 2047.

The 2018 Downtown Development Authority Development Plan and Tax Increment Financing Plan is a toolkit to help City administration, elected officials, decision makers, and potential developers understand and communicate about future opportunities in downtown Bangor and a road map for continual improvements / enhancements.

Bangor Historical Society, *A Birds View of Bangor, 1880 Lithograph.*

HISTORY OF THE CITY OF BANGOR, MICHIGAN:

The Village of Bangor was incorporated in 1877 and became a Home Rule City in 1968. The history of the Central Business District has experienced numerous changes over the years. Formed at the intersection of the Railroad and the Black River, the valley became a fertile agricultural community.

The industry and commerce which was centered in Bangor served a large agricultural area. An early start in apple production occurred when an apple laden ship was wrecked on the nearby Lake Michigan shore in 1841 and seeds from salvaged apples were used to plant an orchard. Bangor has continued to the present in its dual role as a location for small industrial operations and as a service center for an agricultural hinterland, while boasting a quaint downtown destination and inclusive community.

Downtown Bangor Today

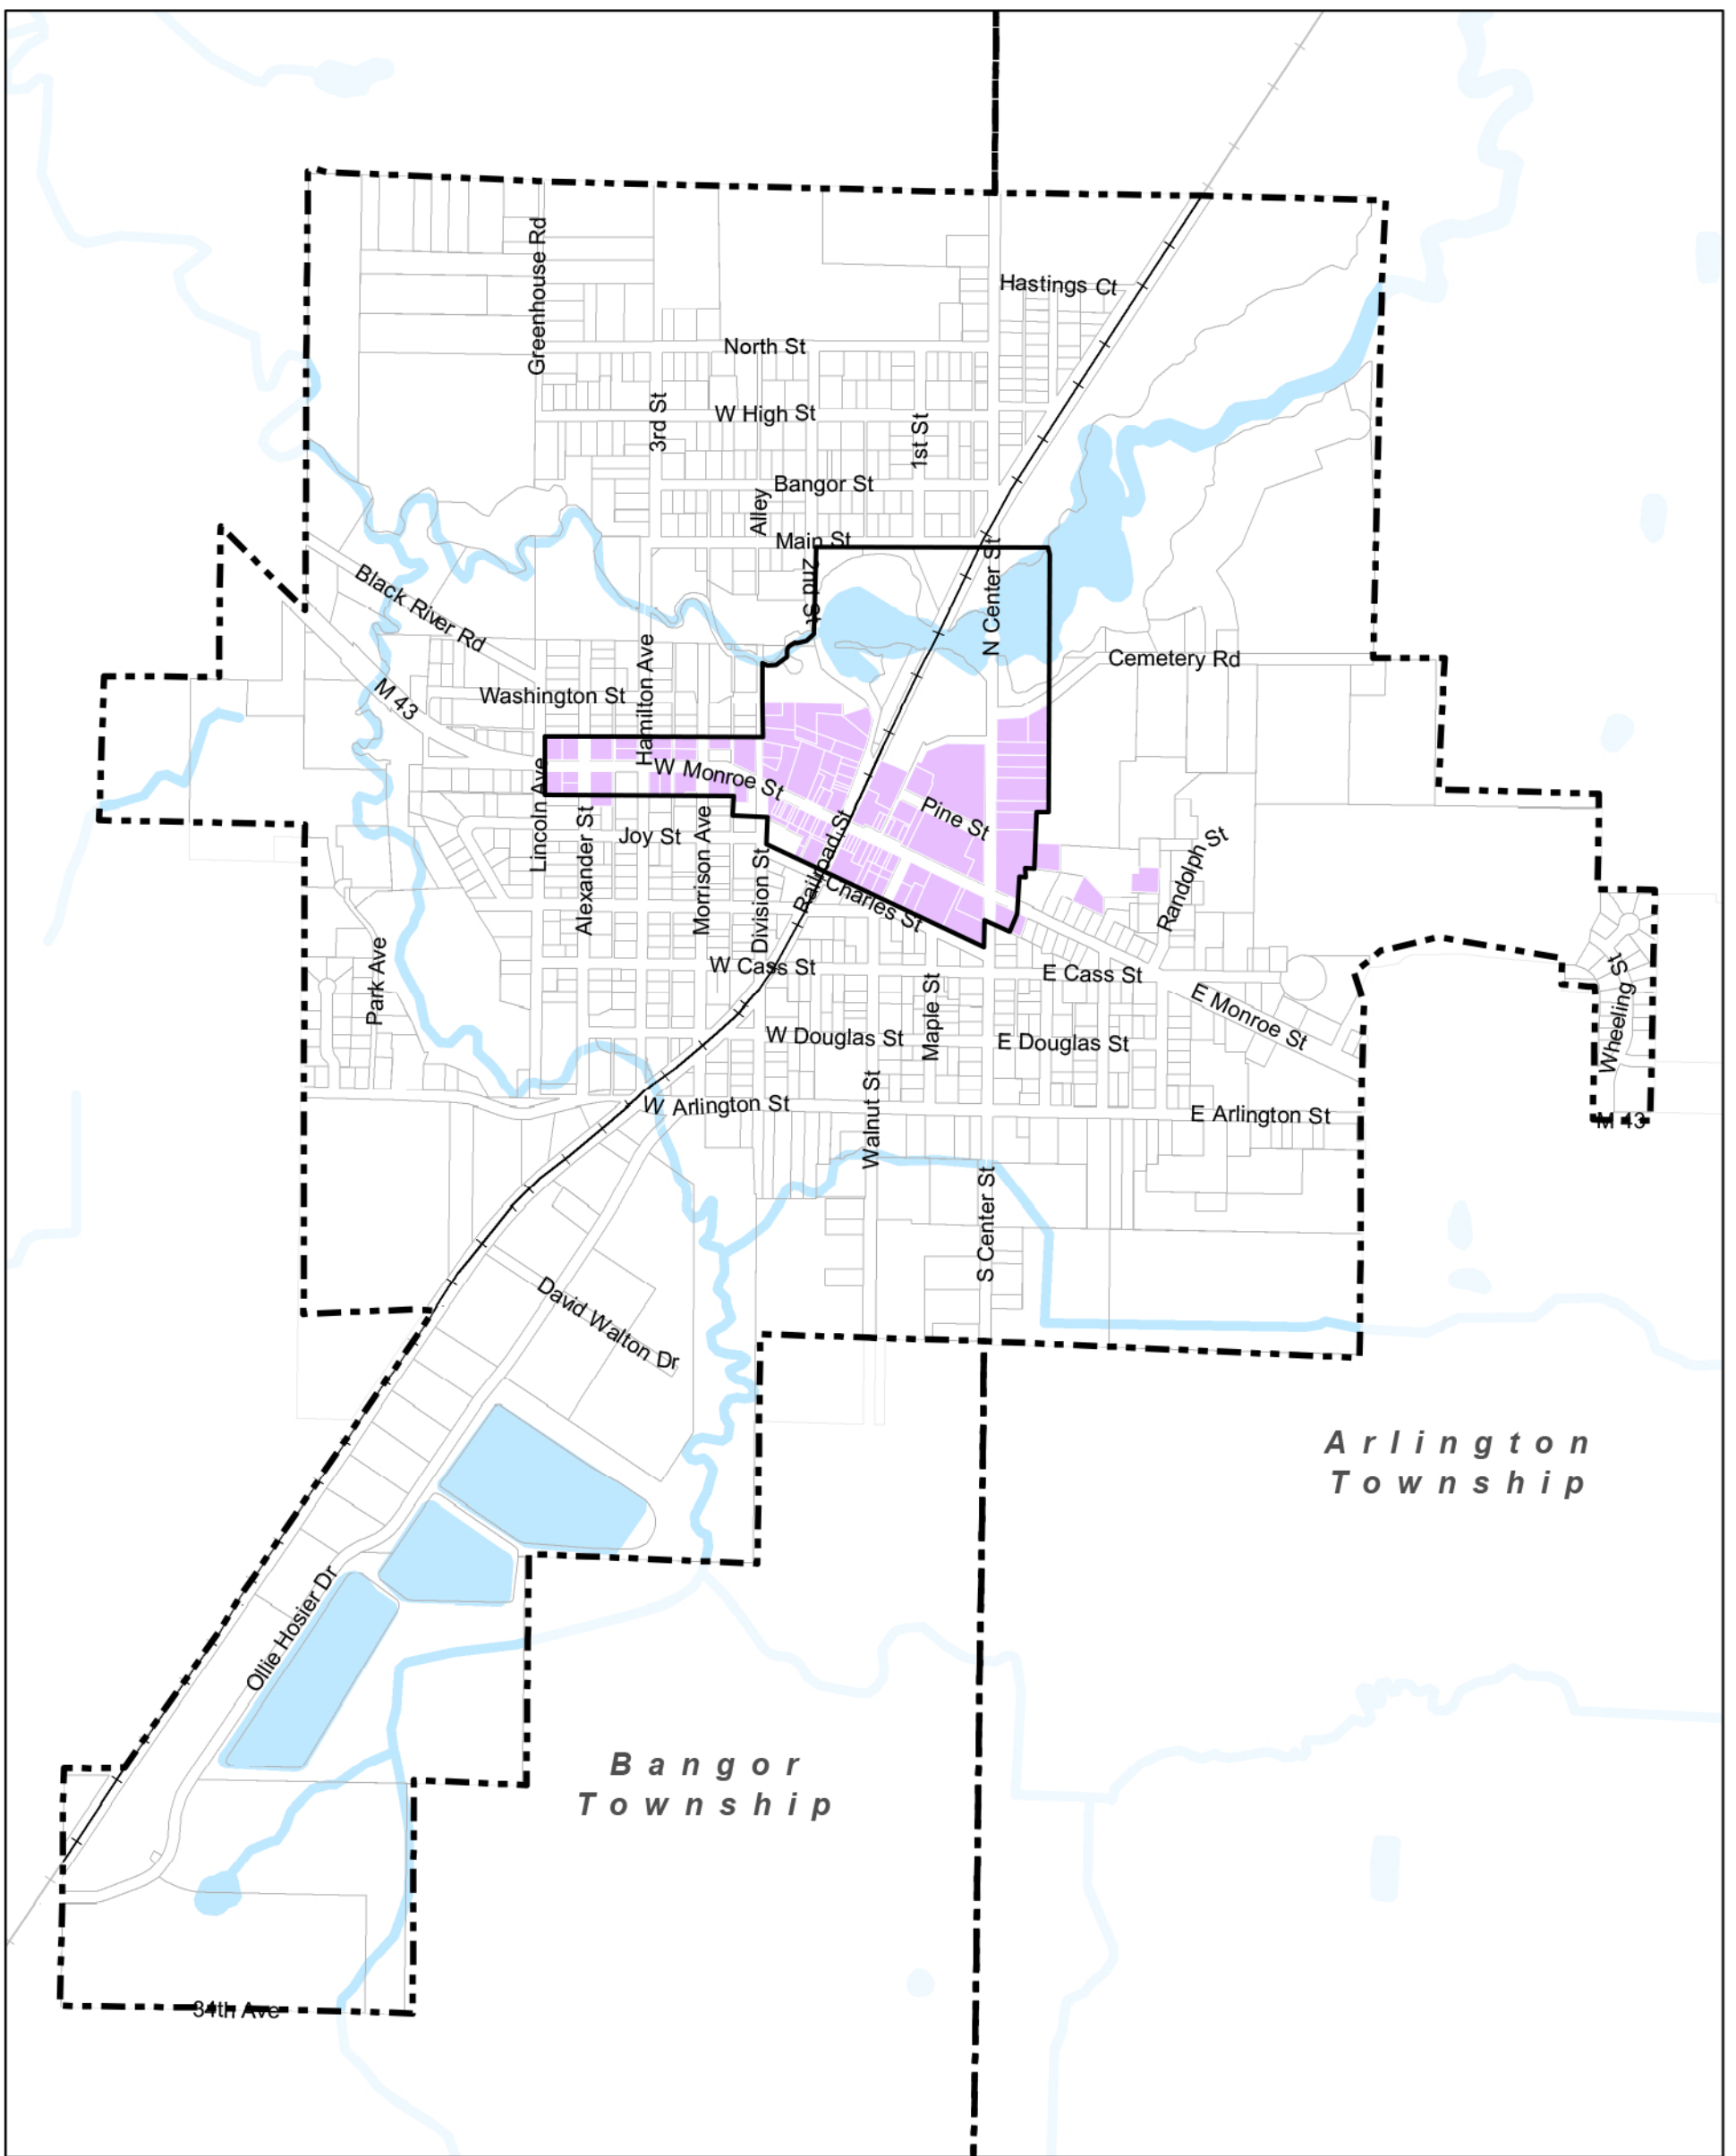

Historic 1925 C&O Caboose, Bangor, MI, 2018.

Downtown District (Development Area) **Designation of Boundaries**

The City of Bangor, at 1.9 square miles in size, is conveniently situated between two regional destinations in Michigan - South Haven and Kalamazoo. Surrounded by the beaches of Lake Michigan, antique shopping, orchards and wineries, traditional downtown Bangor has much to compliment and offer to the region. Within the City, the downtown district is Bangor's primary business area and is located along M-43 (Monroe Street), consisting of approximately 15 blocks in area, with extensions towards the gateways of the City.

Map 1 (right) illustrates the DDA Development Area (Downtown District) and the TIF District properties. The Downtown Development Area's legal description is provided in Appendix A.

Downtown District (Development Area) Existing Conditions

Existing land uses in the Development Area are shown on Map 2 (page 9), “Existing Land Use”.

LAND USE SUMMARY

The downtown district of Bangor contains a variety of private land uses, including commercial, industrial and residential. The majority of parcels, as detailed in Figure 1.1 (to the right) is primarily commercial, though the western bookend of the downtown contains lower-density commercial interspersed with single-family residential. It is anticipated through progress and development that some of these properties will interchange some categories.

PRIVATE LAND USES: COMMERCIAL

The predominant land use within the Development Area is commercial, which is broken out into the following sub-categories on Map 2:

» Commercial Services:

Establishments primarily engaged in providing assistance, as opposed to products. Uses include but are not limited to: hotels and other lodging places, and personal, business, repair and amusement services (excluding office), such as a bank, mortuary, auto repair, beauty salon, gas station, etc.

FIGURE 1.1: MIX OF USES WITHIN THE DOWNTOWN DISTRICT, BY PARCEL, 2018

KEY:

- 33% Commercial
- 20% Single Family Residential
- 14% Surface Parking Lot
- 11% Civic / Open Space
- 10% Vacant
- 08% Restaurant
- 05% Industrial

Left: M-43 (Monroe Street) Streetscape; Bangor, MI, 2018.

Right: Cognito Brewing, located within the Bangor Elevator, on the National Historic Registry; Bangor, MI 2018.

MIXED USE BEST PRACTICES:

The business mix of an area describes the different types of businesses located there including retail and commercial, restaurants, personal services, offices, and more. An area such as a downtown can foster a mix of businesses based on its design and level of activity. When people are coming downtown for work and other activities, a well-designed space provides them an opportunity to go to multiple destinations on one visit. Different businesses can also focus on their activities at different times of the day, which helps prevent the area from being empty especially in the evening.

For an economic activity center such as a downtown, a high proportion of businesses shows that the area is desirable, businesses are successful, and a variety of activities are taking place.

The proportion of commercial businesses within the downtown district is number of businesses located within the DDA divided by the total number of businesses within the City. In Bangor, approximately 84% of all commercial businesses are located within the Development Area, indicating a healthy economic activity center. New businesses should be incentivized and encouraged to locate downtown.

PRIVATE LAND USES: COMMERCIAL (CONTINUED)

» Office:

Establishments primarily used for conducting the affairs of a business, profession, service or industry, for example: a professional firm headquarters.

» Restaurant:

Establishments in which food or drink is served to customers and/or consumed on the property, including, sit-down restaurants, bars / brewery, coffee shops, drive-through and take out restaurants, etc.

» Retail:

Establishments engaged in the selling or rental of goods or consumable merchandise, including grocery and hardware stores, bakery, convenience store, sporting goods store, clothing store, gift shop, drug store, etc.

PRIVATE LAND USES: INDUSTRIAL

Industrial uses, while only accounting for six parcels within the Development Area, cover a significant area of the district. While these uses do not front directly on Monroe Street, eventually, the repurposing / redevelopment of some industrial lands may allow for the expansion of more traditional downtown uses.

PRIVATE LAND USES: RESIDENTIAL

Residential is a critical downtown land use as it contributes to a lively atmosphere. Based upon estimates gathered by review of the current property tax roll, there are approximately 22 residential parcels within the Development Area. The majority of residential is single family, detached houses and a few multiple-family dwellings located above commercial shops on Monroe Street.

Approximately 66 persons are estimated to currently reside within the Development Area boundaries. No individuals are proposed to be displaced under the Plan, and no occupied residences are designated for acquisition and clearance by the DDA.

LAND USE SUMMARY:

With approximately 54% of all land uses in Bangor’s downtown district devoted to commercial serving uses, Bangor has a healthy, diverse mix. Another 22% of uses are strictly related to single family residential uses, with only eight (8) upper level residential units. Only a quarter of all residential units in the district are non-traditional, downtown accommodations.

Although only a small percentage of properties, just 5%, are devoted to industrial uses in downtown Bangor, they occupy a significant land area as the parcels are larger than most commercial or residential parcels.

Moving forward, it is recommended to increase the amount of destination restaurants / venues and non-traditional living opportunities within the downtown district. There are a number of vacant properties, as well as underutilized surface parking, that could further propel the downtown for future success.

DOWNTOWN VIABILITY

WORKFORCE DEVELOPMENT

HISTORIC PRESERVATION

BUSINESS ATTRACTION

PARKING EFFICIENCY

**RESIDENTIAL BEST PRACTICE -
HOUSING AFFORDABILITY:**

Housing affordability is an important factor in determining the long-term sustainability of a community. Cities must provide housing at prices people can afford to maintain stable neighborhoods and allow existing residents to age in place. As well as serve as a community where individuals of all income levels can move and grow. Housing affordability is measured as the percent of households paying more than 30% of their income towards housing costs (either as gross mortgage payments or rent).

Redevelopment Opportunities along the Corridor, Bangor, MI, 2018.

PUBLIC / SEMI-PUBLIC LAND USES

Public land within the Development Area includes street rights-of-ways under the jurisdiction of the City of Bangor. In addition to the circulation system, there are additional Civic / Open Spaces (both public and semipublic-owned properties) including the:

- » City Hall;
- » U.S. Post Office;
- » DDA off-street, surface parking lot;
- » Public Works Garage;
- » Railroad Depot;
- » Charles Park;
- » Donald Mora Ball Park;
- » Mill Pond Park;
- » Lion's Park;
- » Bangor Branch Library; and the
- » Black River Waterway and Heritage Trail.

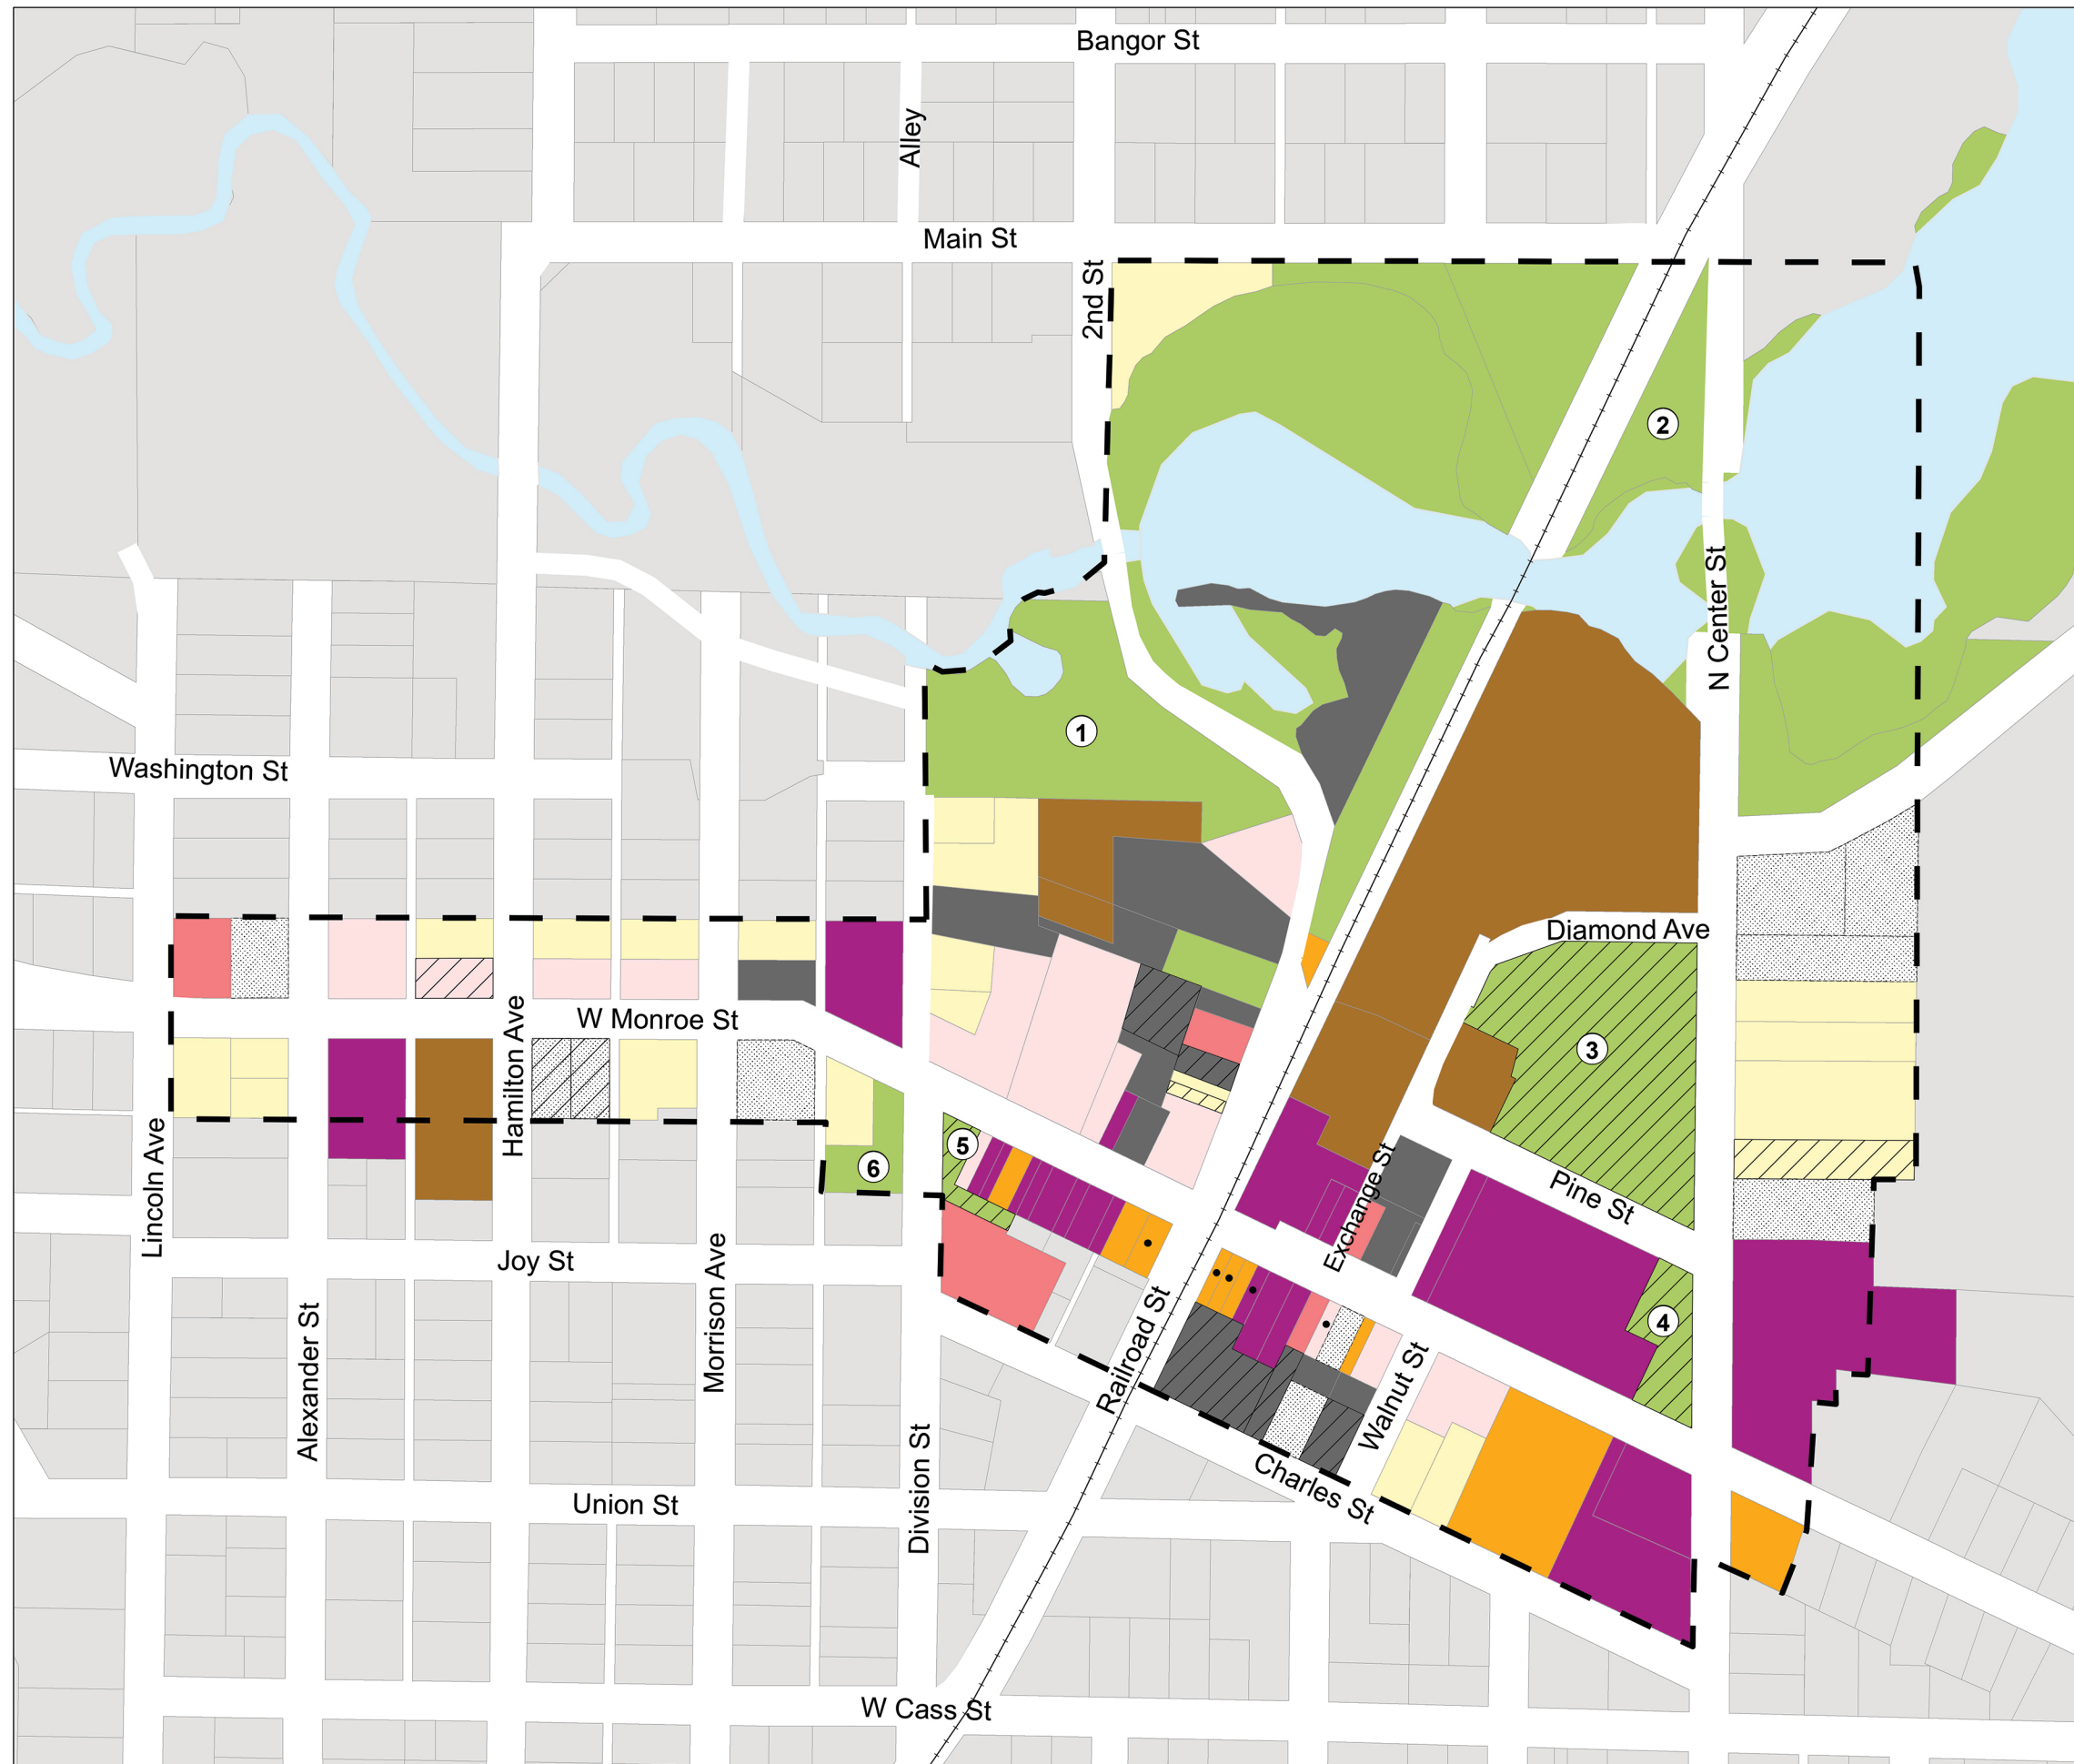

It is anticipated that the above Civic and Open spaces will remain as open, public assets. The creation of new and/or enhanced public spaces should be dynamic and seek to unify the entire downtown district. Such uses are an opportunity to encourage pedestrian interaction and to connect downtown Bangor with its many surrounding neighborhoods.

VACANT LAND

There is a handful of vacant lots within the Development Area, as well as vacant portions of developed lots. Future development of these vacant lots is likely to be commercial or mixed-use, consistent with the City's Master Plan and Zoning Ordinance.

Public, Downtown Events

BEST PRACTICES:

Ongoing public events help drive positive awareness of a City and its downtown. Bringing people from across the city and from other areas within the region to downtown on a regular basis serves to make citizens aware of the unique amenities that exist in the central part of the community. Awareness of the amenities and foot traffic in the City's downtown helps to strengthen businesses and supports the City's quality of life.

WHY SPONSOR EVENTS ?

- » Bring visitors into the community.
- » Attract customers for businesses.
- » Sense of excitement and vibrancy.
- » Visitors come back after the event is over.

NUMBER OF EVENT DAYS IN A CALENDAR YEAR

CURRENT TREND:

Parades have been an important civic component to downtown Bangor since the late 1880's and its strong tradition lives on today.

In comparison to other communities (relative to their population), Bangor offers a healthy amount of downtown days.

In 2018, the City operated a total of six (6) events, detailed right.

RECOMMENDED FUTURE TREND:

Increase quality and quantity of public, downtown events.

MAY EVENT(S)

Memorial Day Parade and Program at Arlington Hill Cemetery

JULY EVENT(S)

4th of July Fireworks with Bangor Community Fire Dept.

SEPTEMBER EVENT(S)

Labor Day Bridge Walk

OCTOBER EVENT(S)

Trick-or-Treating
Apple Festival

DECEMBER EVENT(S)

Lights On Christmas Parade

Bangor's Transportation Network

BACKGROUND

Walkability indicates sustainability by demonstrating the viability of place independent of motor vehicles. When a place is highly walkable, people are more likely to conduct daily errands within walking distance of where they live, are more likely to visit multiple businesses, and are more likely to contribute positively to the economic well-being of their community. Thriving walkable areas in Southwest Michigan are seen as highly desirable places to live and visit.

NON-MOTORIZED BEST PRACTICES:

Biking and walking are major modes of transportation that are receiving more attention than ever, especially with the concept of Complete Streets and planning for all modes of transportation.

Communities are working to ensure that sidewalks and multi-use paths are included in new developments and that they connect to the overall transportation network. Regions have also been seeking to build new long-distance non-motorized facilities to create opportunities for transportation and recreation.

Non motorized infrastructure is an indicator of sustainability as it demonstrates the community investment in bicycling and walking facilities. Communities with non motorized facilities create the opportunity to reduce motor vehicle trips, which contributes in many ways to the City's overall environmental sustainability, including relieving traffic congestion, and reducing space necessary for downtown parking.

¹ The index is calculated by the US Environmental Protection Agency (EPA) for all Census Block Groups across the country. The index accounts for many EPA identified indicators, such as the employment mix, employment and occupied housing mix, street intersection density, and the predicted commute mode split.

BANGOR'S WALKABILITY¹

Bangor's walkability index score (5.76-10.50) is below average. The National Walkability Index is a calculation designed to show the relative walkability of a specific area. Walkability is measured on a scale from 1-20 with 20 being the most walkable.

CURRENT STREET NETWORK / TREND:

The traditional grid network of roads, often seen in older cities, generally has a high intersection density. On the other hand, subdivision from the post-war era tend to have curvy roads and cul-de-sacs with low intersection density.

Existing streets in the development area include Monroe (M-43), Center, Main, Second, Division, Charles, Railroad, Morrison, Hamilton, Walnut, Exchange, Alexander, Lincoln, Pine, Diamond Avenue, Exchange, and Cemetery Road, which typically follow the traditional grid network.

RECOMMENDED FUTURE TREND:

Ensure that any new roads / alleys create connections and blocks, completing the grid pattern, which will encourage people to go through a place, rather than around it.

The redevelopment of vacant parcels into walkable destinations will create vibrancy and further increase Bangor's downtown walkscore.

Above: The M-43 (W. Monroe Street) corridor, with the vacant structure at 600 W. Monroe shown right; Bangor, MI, 2018.

IMPROVING MOBILITY AND ECONOMIC DEVELOPMENT:

In 2018, the DDA actively pursued the strategic redevelopment of a highly visible and prominent site 517/219 W. Monroe, which is located along the main commercial corridor in Bangor. Formerly occupied by two obsolete single family houses, DDA efforts led to their demolition and appraisal of the two lots, approximately \$78,000. The DDA intends to actively market and sell the site for a new commercial use, thus expanding the downtown commercial district along the corridor. A Phase I environmental study is planned next for the site.

Similarly, at 600 W. Monroe (formerly known as Jerry's Garage), the DDA's intent, and efforts to date, support the redevelopment of this site with an appraisal and marketing efforts, offering new economic development opportunities in the downtown district.

The DDA recognizes that additional Zoning Ordinance text amendments and/or amendments to the Future Land Use Map and City Master Plan may be necessary to align the redevelopment of these sites (and others) to the vision of the DDA. Bangor DDA wishes to be an active partner in such amendments to fulfill the objectives of this Plan.

02

Community Connections

PROACTIVE APPROACH:

As part of the public engagement process, a community wide survey was held throughout the Spring of 2018 and a Strategic Planning Session was held on March 14, 2018.

The outreach was conducted early in the planning process to gather ideas from specific groups of people with unique perspectives.

Public Engagement Strategic Planning Session

The City of Bangor held an open house, Strategic Planning Session, to gather input and ideas from the public on the Downtown Plan. The session was held at the City Hall offices in the evening on Wednesday, March 14, 2018, in conjunction with the DDA's regular meeting. About 10 people attended the Strategic Planning Session.

At the event, McKenna gave an overview of the Downtown Plan update and provided background information about the project, including the survey results to-date. In addition, McKenna's planner described the three types of feedback that participants could give:

» **Visual Preference Survey.**

This activity presented a series of images in different categories and asked participants to place a dot on their top choice in each category for images that depicted their preferred design elements and styles for Downtown Bangor. Categories included bike and pedestrian amenities, architectural styles, streetscape elements, and public art.

» **Public Events.**

The events exercise was designed to gather background information on different types of Downtown events. Individuals were shown a list of potential downtown events and were asked to place one dot each next to the public event they most wanted to see and/or brainstorm other events that would be a good fit for downtown Bangor.

» **Project Prioritization.**

This activity simply asked participants to review a list of potential DDA projects, categorized by the four themes of the Michigan Main Street Association. These include: Design, Promotion, Organization and Economic Vitality. Individuals were invited to write down any new "project ideas" they had for improving Downtown Bangor under each category. Participants then voted on the top three projects that are the highest priority for the Plan.

Strategic Planning Session, City of Bangor, March 14, 2018.

INSTRUCTIONS:
Please place a dot below your **TOP CHOICE** IN EACH CATEGORY which depicts design elements and styles you would enjoy seeing in downtown Bangor.

What do you want to see Downtown?

Events

Concerts / Music Events
 Farmers Market
 Festivals / Fairs (seasonal events)
 Kid / Youth Events
 Food, Wine and Beer Events
 Educational Events and Opportunities for Individual Residents (ex. walking tours)
 Other (write your new idea on sticky note):

Where should these events take place?

Please place a dot on the map where you think the location would be best for the events or write your location on a sticky note and post it below:

Project Prioritization

Bangor's previous Downtown Development Plan included several projects grouped into the following three areas: **Design**, **Promotion**, **Organization** and **Economic Vitality**.

Please provide feedback on whether the projects listed below should remain a high priority. Place a dot on the top three (3) projects for each theme area that you feel are the most important.

Design

Projects:

- Conducting an environmental impact study for downtown Bangor.
- Developing a comprehensive parking management strategy, which includes the full design capabilities of the Downtown Area.
- Creating a sign ordinance for the downtown area to ensure consistency and create a welcoming signage program which include high quality building.
- Developing a wayfinding signage program to enhance the downtown area.
- Developing a well-organized landscape plan to complement other streetscape elements.
- Other (write your new project idea on sticky note):

Promotion

Projects:

- Creating a calendar of existing celebrations and events and include it in any new business expansion materials for the City, including online materials.
- Build on the concept of "Apple City" and the "Tiger".
- Enhance the quality of existing seasonal festivals and events.
- Market the downtown as an outdoor recreation hub and events destination, such as bike trails or outdoor retailers.
- Apply for historic designations, where possible.
- Applicable store hours for consistency.
- Other (write your new project idea on sticky note):

Public Engagement Results Visual Preference Survey

The visual preference survey asked people to identify a preferred image in several categories depicting the design elements and styles they wanted to see in Downtown Bangor. The results for each category are below:

+ Vegetation

RESULTS:

The image of natural vegetation, strongly ingrained in the streets infrastructure, received 60% of the vote. Images of potted plants also received support. This supports adding landscaping along with streetscape elements as part of downtown revitalization.

+ Gathering Spaces

RESULTS:

65% of respondents wanted collaborative seating. Some spaces may be designed as a small community green with flexible, outdoor seating and should offer a mix of hardscape and landscaping.

+ Identity Elements

RESULTS:

87% of participants voted for a gateway signage with a clearly defined entry point. Respondents preferred a classic look, such as an entry archway.

Streetscape Elements

Architecture and Connectivity

+ Crosswalks

RESULTS:

75% preferred the vegetated bump out. A colored brick paver was also prioritized for pedestrian safety.

+ Downtown Buildings

RESULTS:

Traditional two-story buildings were favored, featuring classic storefronts and masonry materials such as brick. Outdoor seating and greenery was also supported. All votes kept the building at the sidewalk's edge, establishing the building line of a typical downtown.

+ Infill Housing

RESULTS:

75% of respondents voted for contemporary three-story downtown units with street-oriented amenities such as porches, balconies, etc.

Pedestrian Amenities / Elements

+ Seating

RESULTS:

60% preferred traditional, everyday benches with a consistent pattern among all streetscape furniture. Some support for non-traditional secondary seating was offered.

+ Bicycle Rack

RESULTS:

75% voted for basic road bike racks or the potential to have functional bike racks that double as public art. In any case, there was consensus that pedestrian amenities should be easy to maintain.

Public Engagement Results

Project Prioritization Summary

With the Project Prioritization exercise, participants were asked to vote for their top three (3) projects in each of four different theme categories: Design, Promotion, Organization, and Economic Vitality.

A short summary of the top 10 projects are listed below, with the total number of votes received noted in the right column. The prioritization of these projects and others led directly to the creation of the Strategic Development Plan:

MI MAIN STREET THEMES:

Design

Capitalizing on the assets of Bangor's physical environment, such as historic buildings, and creating an inviting atmosphere through renovation and perhaps new construction, all the while developing sensitive design management systems and long-term planning for sustainability.

Promotion

The effort to market Bangor's unique characteristics to residents, visitors, investors and business owners through advertising, retail activities, events, and marketing campaigns.

Organization

The effort to involve all downtown Bangor stakeholders to work toward a common goal, and driving a volunteer-based Main Street Program under the direction of a governing board, standing committees, and the guidance of a paid program director.

Economic Vitality

Leverage partnerships and community assets to foster a diverse economic base, ripe for new investment and built on local trust.

PROJECT DESCRIPTION	THEME	TOTAL NUMBER OF VOTES
#1: Gateway Create gateways to welcome visitors as they enter the downtown district.	Design	8
#2: Wayfinding Create and design a wayfinding system.	Design	7
#3: Volunteers Develop a network of volunteers.	Organization	7
#4: Partnerships Seek partnerships with the school district, religious institutions, industrial companies, etc.	Organization	7
#5: Festivals and Events Enhance the quality of existing seasonal festivals and events.	Promotion	6
#6: Destination Town Encourage lodging opportunities.	Economic Vitality	6
#7: Redevelopment Rehabilitate and redevelop properties which the City controls, including City Hall.	Economic Vitality	6
#8: Incentive Programs Develop facade and sign grant programs.	Design	5
#9: Inter-Government Cooperation Host a joint meeting with the various municipal bodies.	Organization	5
#10: Outreach Expand the DDA's presence, including online, and create a calendar of all celebrations, festivals and events.	Promotion	5

Public Engagement Results

Community Wide Survey

To garner public input on the City's downtown area, a survey was made available to community residents, business owners and stakeholders for the months of February, March and April of 2018. The survey was both available online (via Survey Monkey) and through hard (paper) copies, which were offered at City Hall and the Bangor Branch Library. In total, 61 survey responses were collected, of which approximately 75% of respondents participated online. For all those who participated in the survey, approximately half live within the City of Bangor, the other half were visitors to the community.

In the survey, respondents were asked a series of questions pertaining to their experiences in downtown Bangor; residential properties and the potential to live within the downtown area; the needs of downtown property and business owners; and the amount and availability of parking and other transportation methods. Additionally, respondents were asked to provide feedback on various goals and objectives for redevelopment and reinvestment opportunities, planning for the future of downtown Bangor.

VISITING THE DOWNTOWN BANGOR AREA

With over 55% of respondents visiting downtown Bangor on a daily or weekly basis, we know there is continual traffic coming into this area. However a quarter of individuals indicated that they rarely or ever visit, indicating there is a missed market and a chance to grow.

Of those visiting, the majority of respondents (55%) visit downtown Bangor during the weekday (Monday –Friday, exclude Friday evening), highlighting a missed opportunity for the weekend traffic (Friday night, Saturday or Sunday). Not a single respondent indicated that they visit downtown Bangor for 'late night traffic' (after 7:00 PM), pointing to a lack of entertainment, retail and restaurant attractions to spark an evening population. The majority, approximately 50% of respondents, visit downtown Bangor in the afternoon.

When visiting Bangor, the majority (68%) of individuals visit one of the grocery / retail stores (Hardings, Family Dollar, etc.). The other major draws to downtown Bangor are to either attend a business (but not for work), dine at a restaurant, or participate in a major event / festival.

Survey respondents noted having everyday services within the Downtown Area area is a key asset; Bangor, 2018.

PUBLIC QUOTABLES:

Bangor is full of possibilities. It is one of the cleanest towns in Van Buren County. I live in Geneva Township and hope you can make improvements so others see what a nice place Bangor is!

We could really use a dog park in Bangor.

I love Bangor and I look forward to any positive changes you make!

City Hall, Bangor, 2018.

Community Wide Survey (continued)

LIVING IN THE DOWNTOWN BANGOR AREA

Approximately 20% of respondents would consider living in the downtown area, mostly citing the fact that it is convenient and within walking distance to everything, including a grocery store.

Individuals stated a preference to live in single family homes within the downtown area. Other types of more traditional downtown residential typologies include attached townhomes, duplexes, apartments and live/work units. Noted amenities that would incentivize downtown living included:

- » Greater diversity of shopping options, coffee shops, etc.
- » Improved parks and green space.
- » Beautification of existing neighborhoods.
- » Bike paths / trails and sidewalks on all streets.
- » Higher end apartment and other residential units.

DOING BUSINESS IN THE DOWNTOWN BANGOR AREA

Most individuals in this survey (just over 80%) do not own property or a business in downtown Bangor. For those respondents who do own property or a business, approximately 80% do not have plans to start or complete building improvements within the next two years. However, approximately three-quarters of property and business owners stated they would be interested in financial / design assistance (façade improvement grants, sign design, etc.) to improve their building if it was available. The desire to improve the district exists, the next step is to establish the right-sized programs to incentivize it.

TRANSPORTATION: GETTING AROUND IN THE DOWNTOWN BANGOR AREA

Most everyone who participated in the survey drives downtown. However, 35% of respondents stated they walk and another 5% said they bike.

To encourage pedestrian traffic, 55% of respondents suggested more bike lanes and trail routes, but there was also a significant amount of support, across the board, for more sidewalks, bike racks, education and enforcement, and better lighting. Additional recommendations to encourage biking and walking included general beautification and softening of the downtown corridor, more signage and improvements to crosswalks and the street network to safely cross M-43.

When asked if a Shuttle Service (from South Haven, the Airport, etc. to downtown Bangor) would be used, approximately 80% of individuals said it would not be used.

When parking in downtown Bangor, almost 90% utilize the on-street, parallel parking spaces along Monroe Street. Only 5% of individuals indicated they typically park in the DDA's parking lot at Charles Street. Finding a parking space, usually on-street or within a private lot, is most often (70%) immediate (the first spot an individual looks for is available). Only 20% of respondents noted they have to look for a second parking option, with 5% stating they have to circle several times (5 minutes or more) before parking. Additionally, approximately half of respondents who noted they require an ADA accessible parking space do not find a space immediately and have to look for a second parking option.

This feedback indicates that parking is relatively convenient and the most obvious, visible spaces (those in front of the downtown businesses on Monroe Street) are utilized first. Wayfinding signage to other downtown parking areas may be helpful, especially for visitors, and may reduce the time drivers are searching for a second parking space option. Such an approach may also allow for more dedicated and visible ADA parking spaces.

FUTURE GOALS AND PRIORITIES IN DOWNTOWN BANGOR

The top three priorities for the future improvement of the downtown district (receiving more than 70% of the votes) are:

- » Address vacant spaces and/or buildings (79%);
- » Recruit businesses and expand a variety of shopping, dining, etc. opportunities (75%); and
- » Maintain a welcoming, attractive streetscape experience (ex: litter control, trees, mowed grass, banners, etc.) (70%).

Respondents felt the greatest challenges facing downtown Bangor are the current vacancy rates (and the district's associated 'image') and the fact that too many individuals simply drive-thru and don't stop. Most individuals agreed that additional retail shops, restaurants and lodging (bed and breakfast, hotel, etc.) would make the downtown core a more desirable place to visit in the region.

Additional events such as a Farmer Market, music and concerts, and food, wine and beer events received high marks while other amenities, such as free public Wi-Fi, were noted as non-incentivizing (i.e. 72% reported that such Wi-Fi would not impact their frequency of visits).

PUBLIC QUOTABLES:

We need more places to eat and shop: I'd love to see a hot dog joint, or a taco joint, or an ice cream shop.

Please make residents feel like they are first.

Better places to eat an evening meal - I would love to see another restaurant that served wine/alcohol with a modern flare for people under 60.

03

2050 Bangor Development Plan

Monroe Streetscape, Historical Society (year unknown); Bangor, MI.

Proposed Road Map for the **DDA Development Plan**

LOCATION AND EXTENT OF PROPOSED PUBLIC AND PRIVATE LAND USES

The Development Plan envisions combining public and private land uses to strengthen the economic base of the Development Area. It is the intent of this Plan to encourage infill development, redevelopment, and expansion of existing commercial and downtown-type uses consistent with the City's Master Plan. As noted in the existing land use section of this Plan, there are scattered vacant or underutilized sites with potential for development and redevelopment. Proposed land uses for the Development Area are consistent with the City's Master Plan, and are generally commercial and mixed-use in nature.

The DDA may purchase, renovate and resell properties that are vacant or deteriorated to stimulate redevelopment. Redevelopment of other sites that are vacant, functionally obsolete, or underutilized - for viable private uses that are compatible with the downtown character - is similarly encouraged by this plan.

EXISTING IMPROVEMENTS IN THE DEVELOPMENT AREA TO BE DEMOLISHED, REPAIRED OR ALTERED, AND TIME REQUIRED FOR COMPLETION

This Plan for the DDA Development Area incorporates both public and private improvements; specific project descriptions are noted in the Strategic Development Plan.

The Plan also calls for the renovation and repair of existing public improvements, such as parks, infrastructure (roads and utilities), sidewalks, landscaping, lighting, streetscape, public buildings and facilities, and construction of new improvements such as pedestrian facilities and/or parking. The full extent of demolition, repair, or alteration of existing improvements is not yet known since not all project plans are completed. Demolition, repair, construction, enhancement, and/or replacement of existing infrastructure is likely as part of the various projects, including sidewalks, curbing, pavement, above and underground utilities, decorative walls, fencing, and others. Redevelopment of privately owned sites may be assisted, on a case-by-case basis, consistent with the priorities and procedures in this Plan.

THE LOCATION, EXTENT, CHARACTER AND ESTIMATED COST OF IMPROVEMENTS, INCLUDING REHABILITATION CONTEMPLATED FOR THE DEVELOPMENT AREA AND AN ESTIMATE OF TIME REQUIRED FOR COMPLETION

Public improvements contemplated in the Development Area over the 30-year life of this Plan, along with estimated costs and time of completion, are included in the Strategic Development Plan.

Cost estimates for the projects are very preliminary; specific plans and refined cost estimates for Development Area improvements will be completed upon initiation of each project. However, the cost estimates have been developed in consideration of recent comparable construction and relevant vendor estimates.

Funding for the projects will be obtained from a variety of sources – primarily tax increment revenues, but also may include federal and state grants (which may include, but are not limited to Community Development Block Grant, Michigan Economic Development Corporation, Michigan State Housing Development Authority, Michigan Natural Resources Trust Fund and others), private donations (if available), and additional sources, to be determined. Programs such as the Façade Improvement Program or Sign Grant Program will be funded initially by tax increment revenues, then from revenues received by the DDA as payments on outstanding loans on a year-by-year basis.

A STATEMENT OF THE CONSTRUCTION OR STAGES OF CONSTRUCTION PLANNED, AND THE ESTIMATED TIME OF COMPLETION

The anticipated schedule for construction and implementation of the public improvement projects for the Development Area is outlined in the Strategic Development Plan, “Priority / Timeframe” and “Cost Estimate.” The actual timing and sequence of projects may vary based on fund availability, opportunities that arise to achieve the goals and purposes of this Plan, and DDA priorities.

PORTIONS OF THE DEVELOPMENT AREA WHICH THE AUTHORITY DESIRES TO SELL, DONATE, EXCHANGE, OR LEASE TO OR FROM THE MUNICIPALITY AND THE PROPOSED TERMS

The DDA may purchase property to facilitate redevelopment or use for public purposes, while encouraging compliance with the overall Plan. If opportunities arise in furtherance of the goals and purposes of this Plan, purchases may be considered on an on-going basis.

DESIRED ZONING CHANGES AND CHANGES IN STREETS, STREET LEVELS, INTERSECTIONS AND UTILITIES

No zoning changes are proposed as part of this Plan. However, as the Plan progresses, the DDA, as a component of its redevelopment strategy, may recommend to the Planning Commission certain changes to the Master Plan and the Zoning Ordinance that affect properties within the Development Area. It is recommended that the Downtown Development Authority, Planning Commission and City Council hold a working session to evaluate any changes necessary to promote / incentivize redevelopment in Bangor.

VISION:

To revitalize and sustain long term economic stability for downtown businesses and provide an attractive, vibrant place to shop, live and work with downtown storefronts filled, a clean welcoming environment, and transportation options.

- Downtown Development Authority, City of Bangor

**TAX BASE
GROWTH**

**DEVELOPMENT
IMPACT**

**BANGOR DDA KEY PROJECTS,
1988-2003:**

Over the years Bangor has completed plan updates to guide its orderly development to ensure continuity and quality of life for the City's downtown.

The DDA used its TIF funds for a variety of projects in its Downtown Development District, including property acquisition, streetscape improvements, development of a Downtown Façade Improvement Plan, assisting in the creation of a downtown farmers market, and aiding downtown business owners throughout the district.

In addition, the DDA participates in funding snow removal downtown, planting and maintaining the downtown planters, and furnishing the decorative banners throughout the downtown core.

DESIRED ZONING CHANGES (CONTINUED)

Any zoning changes on parcels in the DDA district should be coordinated between the DDA, the Planning Commission, and the City Council according to State enabling acts and the adopted procedures of the City. Any change will occur in a manner that ensures appropriate future land uses within the district for the attainment of the goals as stated herein.

Streetscape improvements to the Development Area, gateway improvements, traffic calming, non-motorized improvements and other activities within the public right-of-way may require pavement removal, traffic modifications, and relocating, expanding or burying existing utilities. Detailed design plans to be prepared as part of the implementation of this Plan may specify further utility or street changes.

AN ESTIMATE OF THE COST OF THE DEVELOPMENT, PROPOSED METHOD OF FINANCING AND ABILITY OF THE AUTHORITY TO ARRANGE THE FINANCING

The estimated cost of the DDA's portion of the public improvement projects listed herein, including the cost of associated administration, engineering, planning, and design work as outlined in the Strategic Development Plan is \$738,000 over 30 years. It is anticipated that these projects will be paid for with tax increment revenues generated by annual increases in property valuations from economic growth and new construction within the Development Area, supplemented with grant funds as may become available. The façade improvement program (which previously contained four different programs: Façade Renovation Grant, Painting Grant, Signage Grant and Design Assistance), and other similar programs, will be funded primarily using funds repaid to the DDA for outstanding loans.

It is anticipated that most projects will be financed on a "pay-as-you-go" basis using funds on-hand or accumulated from prior years' captures. However, the DDA may determine that there is a need to sell bonds, obtain loan funds or grants, or receive contributions from any of the other sources permitted under P.A. 197 of 1975, as amended, to facilitate completion of one or more of the improvement projects.

The cost estimates for projects are rough estimates because construction or design drawings have not yet been prepared, and therefore have been based on preliminary concept designs. The costs are estimated in current 2018 dollars.

DESIGNATION OF PERSON OR PERSONS, NATURAL OR CORPORATE, TO WHOM ALL OR A PORTION OF THE DEVELOPMENT IS TO BE LEASED, SOLD, OR CONVEYED IN ANY MANNER AND FOR WHOSE BENEFIT THE PROJECT IS BEING UNDERTAKEN IF THAT INFORMATION IS AVAILABLE TO THE AUTHORITY

All public improvement projects undertaken as part of this Plan will remain in public ownership for the public benefit. However, the DDA may consider property acquisition, lease, or sale, as appropriate, in furtherance of the goals of this Plan. The person or persons to whom such property may be leased or conveyed is unknown at this time.

DDA Public Parking, Surface Lot Investments; Bangor, 2018.

THE PROCEDURES FOR BIDDING FOR THE LEASING, PURCHASING, OR CONVEYING OF ALL OR A PORTION OF THE DEVELOPMENT UPON ITS COMPLETION, IF THERE IS NO EXPRESSED OR IMPLIED AGREEMENT BETWEEN THE AUTHORITY AND PERSONS, NATURAL OR CORPORATE, THAT ALL OR A PORTION OF THE DEVELOPMENT WILL BE LEASED, SOLD, OR CONVEYED TO THOSE PERSONS

The Authority may purchase and then sell or otherwise directly convey any DDA-owned sites, or alternately may retain the sites for public purposes. Once the DDA purchases, receives a donation, acquires or otherwise comes to own property in the Development Area, it will adopt appropriate procedures for the management and disposition of the property at a regularly scheduled public meeting of the Authority. All DDA conveyance and disposition procedures shall be developed in compliance with Federal, State, and local regulations.

Acquisition and disposition procedures will include the ability of the Authority to dispose of acquired parcels or lots with the value of such parcels or lots based upon an independent appraisal of the real estate by a qualified real estate appraiser licensed to perform such work in the State of Michigan. In the event the Authority decides to dispose of a parcel or parcels of real property, the sale may be for more than appraised value, at appraised value, or below the appraised value at the discretion of the Authority. In the future, if the condemnation of property is necessary to meet the objectives of this plan, the Downtown Development Authority will submit to the City Council an acquisition and relocation plan consistent with the Standards and Provisions of the Federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970.

Summary of the Strategic Development Plan

The Bangor Downtown Development Authority will undertake a number of projects that will help make downtown Bangor into a more special and distinctive place, recognizing that the Board should revisit its strategy for the downtown area to ensure its actions are effective and improving the investment environment for private entities. Further, cooperative commitments by the DDA, the City, the Chamber of Commerce, Van Buren County and others will be necessary to create positive momentum for the downtown district and to ensure the future success of the City.

This plan sets priorities and establishes a schedule to complete improvements in the downtown area organized upon the four (4) themes of the Michigan Main Street Communities: Design, Organization, Promotion and Economic Viability, as detailed in Table 1.D; 1.O.; 1.P; and 1.E.

D	Design	PRIORITY / TIMEFRAME	COST ESTIMATE	PARTNERSHIPS
STRATEGIES + ACTIONS	d.1 Finance, plan, design and implement a wayfinding system, including new park signage, within the DDA district.	A < 6 months	\$5,000	BCC, CITY, PC, PR
	d.2 Reinstate the facade and sign grant programs, with new, updated standards, to incentivize property owners to enhance / repair / expand their businesses.	A < 6 months	\$10,000	BO, BCC, CITY, PC
	d.3 Finance, plan, design, construct, maintain, and/or improve gateways (at all key entry points to the downtown) to welcome visitors as they enter the downtown district, including but not limited to signage, landscaping or other gateway features.	A 1 year	\$10,000 (\$5,000 each gateway)	BO, BCC, CC, CITY, MDOT, PC
	d.4 Conduct a Master Plan and Zoning Ordinance Audit to identify necessary revisions and amendments to implement the DDA's Development Plan and incorporate the revisions identified. Special emphasis should be on the Master Plan's goals and objectives and Future Land Use Map and Zoning Ordinance Amendments that promote economic development and a downtown, mixed-use district.	A 1 year	\$6,000	BCC, CITY, MDOT, PC
	d.5 Finance, plan, design, construct, maintain and/or otherwise improve public decorative streetscape within the DDA district (extending the full length of Monroe Street within the district), including but not limited to the installation of street furniture, lighting, landscaping, decorative pavers, banners and other public amenities / spaces.	C 1-3 years	\$20,000	BCC, MDOT, CITY, PC
	d.6 Finance, plan, design, construct, maintain and/or otherwise improve facilities within the public rights-of-way of the downtown core for traffic calming and pedestrian safety, including partnering with MDOT to study the need for pedestrian crossings / traffic enhancements at high importance intersections along Monroe Street (M-43) with a focus on curb extensions, pedestrian crosswalks, and other measures to protect public health, welfare and safety.	A 1-3 years	\$45,000	BCC, CITY, MDOT, PC

FOOTNOTES TO THE STRATEGIC DEVELOPMENT PLAN TABLES:

Cost estimates for the projects are very preliminary; specific plans and refined cost estimates for the Downtown Development Area improvements will be completed upon initiation of each project.

Projects that arise and are consistent with the objectives and priorities of the DDA – as outlined in this plan – may be funded consistent with the financing methods described in the Tax Increment Financing Plan.

Building improvements and the façade improvement program to be funded primarily through reallocation of funds repaid to DDA from existing outstanding loans.

Costs incurred by the City relative to the DDA and the Downtown Development District, as approved in the annual budget process, may also be paid out of tax increment revenues.

04

Tax Increment Financing Plan

Community Assets in Downtown Bangor, 2018.

Tax Increment Financing Plan **Background and Purpose**

Bangor's Downtown Development Authority was established to mitigate the negative social and economic impacts of downtown property value deterioration and to uphold the vibrancy of Bangor's downtown district. To accomplish a number of goals, such as to increase property tax valuation and facilitate the overall economic growth of its business district, City Council deemed it beneficial and necessary to create and provide for the operation of a Downtown Development Authority (DDA) under the provisions of Public Act 197 of 1975, as amended. The Downtown Development Authority then submitted (on October 27, 1998) the Tax Increment Financing and Development Plan, which was subsequently approved by the City Council of the City of Bangor on November 2, 1998.

At that time, the DDA also determined that a Tax Increment Financing Plan ("TIF Plan") was necessary to achieve the purposes of the Act, and prepared and submitted said plan to the City Council, which is updated as part of this plan.

Bond Indebtedness to be Incurred

The maximum amount of bonded indebtedness to be incurred under this Development Plan is \$600,000, sufficient to pay the estimated costs of the development, plus any associated costs of consultants and costs of publication of required notices. The DDA may obtain loans to fund purchase of property, depending upon the favorability of terms, availability of other funds, and its decision on whether to purchase properties.

However, most improvements will be implemented on a "pay-as-you-go" basis as tax increment revenues are transmitted to the DDA. Additionally tax increment revenues transmitted to the DDA can be used as they accrue annually, can be held to accumulate amounts necessary to make improvements described in the Plan, or can be pledged for debt service on general obligation tax increment bonds issued by the City of Bangor.

Plan Duration

The duration of this Development Plan shall be for almost 30 years, commencing upon approval by the City Council in 2019. This plan will expire with the collection of taxes due in December 2047, unless it is amended to extend or shorten its duration.

Sanborn Map, Intersection of Monroe and Railroad Streets, year unknown; Bangor Historical Society, 2018.

EXPLANATION OF THE TAX INCREMENT PROCEDURE:

As provided in P.A. 197 of 1975, as amended, tax increment financing is a financing tool for the redevelopment of designated development areas within a DDA Development Area. Tax increment financing is the process of expending new property tax dollars for improvements that generally benefit the parcels that pay the taxes. Tax dollars generated from new private property developments and from improvements to existing private property within a designated development area are “captured” and utilized by the DDA to finance public improvements within that development area. This process supports and encourages continued private investment.

To utilize tax increment financing, the DDA must prepare a development plan and a tax increment financing plan. Both plans are submitted to the City Council. The Council must adopt the plans by ordinance. These plans may be amended in the future to reflect changes desired by the DDA. All amendments must follow the procedures of the Act.

Captured assessed value is defined in the Act, as the amount, in any one year, by which the current assessed value of the development area exceeds the initial assessed value. Initial assessed value is defined as the assessed value, as equalized, of all the taxable property within the boundaries of the development area at the time the ordinance establishing the tax increment financing plan is approved, as shown by the most recent assessment roll of the municipality. Such funds transmitted to a DDA are termed “tax increment revenues”. Tax increment revenues are the amount of ad valorem and specific local taxes attributable to the application of the levy of all taxing jurisdictions other than the state education tax and local or intermediate school districts upon the captured assessed value of real and personal property in the development area.

Estimated Impact of Tax Increment Financing on Taxing Jurisdictions in which the Development Area is Located

The maximum effect of this Plan on the taxing jurisdictions in which the Development Area is located is that the taxable value upon which taxes are now levied will remain constant over the life of this Plan. If private development occurs and values increase as anticipated in this Plan, potential taxes captured from each taxing jurisdiction over the duration of the Plan are estimated. Of course, at the expiration of this TIF Plan, all taxing jurisdictions will benefit substantially from new private development and from a tax base that has been stabilized and enhanced as a result of the public improvement program.

The applicable tax levy for tax increment purposes in the DDA Development Area will be the total millage levied by the eligible taxing jurisdictions. The initial tax levy of all applicable taxing jurisdictions listed in Table 2 is 23.8865 mills. Under this TIF Plan, the tax levy on the entire captured assessed valuation is planned to be utilized by the DDA. The tax increment revenues will be expended in the manner as set forth in this Plan. Estimates of the projected growth in taxable value, the revenue captured by taxing jurisdictions and the tax increment revenues to be received by the DDA are included in Table 3.

TABLE 2: TAXING JURISDICTIONS INCLUDE:	PROJECTED CAPTURED MILLAGE RATE (2018) ^b
City Operating	14.3604 mills
Van Buren County Operating	4.4566 mills
Senior Services ^c	0.5000 mills
Van Buren County Transit / Roads ^d	1.2206 mills
Van Buren County Emergency Responder Services (ERS) ^e	1.4702
City Parks / Cemetery	0.8500
Conservation District	0.0996
Van Buren District Library	1.0917
City Roads	1.5000
Total Applicable Millage ^a	25.5491

FOOTNOTES TO TABLE 2:

- a. The Bangor Public Schools, State of Michigan state education tax, and Van Buren County Intermediate School District taxes are not included because the tax levies of these jurisdictions are exempt from capture.
- b. Rates are per \$1,000 of taxable value.
- c. Senior Services includes both Senior Services (.2500 mills) and New Senior Services (.2500 mills).
- d. Transit / Roads includes both Transit (0.2471 mills) and Roads (0.9735 mills).
- e. Van Buren County ERS includes both Ambulance (0.9370 mills) and Sheriff (0.5332 mills).

Expenditure of Captured Accessed Value by the Authority

Estimate of Tax Increment Revenues

Table 3 shows projected value increase over the next 30 years. The projected annual growth in taxable value is estimated in Table 3 at a 2.5% annual rate. Both real and personal property assessments are included in the taxable value projections, and Table 3 also provides estimates of the tax increment revenues to be accrued by the DDA. For this Plan, the initial assessed value is the total State Equalized Value (SEV) for all real and personal property in the development area as of November 2018. A list of the properties in Development Area is included in Appendix A.

Additional increases in the assessed valuation for the Development Area and consequent tax increment revenues may result from other new construction, expansion, rehabilitation, or further appreciation of property values. These increases are beyond those projected in this plan, but if such increases result, the tax increment revenues will be spent according to this plan to accelerate the implementation of the public improvement program.

Expenditure of Captured Accessed Value by the Authority

Expenditure of Tax Increment Revenues

The program and schedule for the expenditure of tax increment revenues to accomplish the proposed public improvements for the DDA Development Area is outlined in the Strategic Development Plan (Chapter 03). Cost estimates shown are current estimates only. These estimates are based solely upon concepts and have not been developed from construction drawings. The cost estimates consider fees for design, preparation of construction drawings, and other contingencies.

Any additional tax increment revenues beyond those projected in this plan will be:

1. Used to further the implementation of the public improvement program;
2. Used to expedite any debt service; or
3. Returned, pro-rata, to the taxing units.

Should the tax increment revenues be less than projected, the DDA may choose to:

1. Collect and hold the captured revenues until a sufficient amount is available to implement specific public improvements.
2. Implement public improvement projects based upon the ability to match existing funds with expenditures while seeking out additional funding sources.
3. Amend the development plan and/or tax increment financing plan to allow for alternative projects and funding.

The Downtown Development Authority shall annually review proposed increment expenditures and revenues to prioritize the use of additional funds. Other public improvements which would further the completion of the Development Plan may be funded by the DDA.

Table 3:

Appendix B

Downtown District (Development Area)

The Downtown District in which the Authority shall exercise its power as provided by Act 197 shall consist of the following described territory in the City, subject to such changes as may hereinafter be made pursuant to Act 197.

An area in the City of Bangor, Michigan, within the boundaries described as follows (and shown on Map 1):

Cross Addition: Block 1, Lots 1 thru 13, Block 2, Lots 1 thru 10, Block 3, Lots 1 thru 12; Morrison Addition: Lots 20, 21, 22, 37, 38, 39, 40, 83, 84, 85, 100, 102, 103, 104, 147, 148, 149, 150, 165, 166, 167, 168, 231, 214, 2015, 216; Monroe Addition: Block 7: Lots 4 and 5; Unplatted Tax Plate Numbers: A-540, A-556, A-568, A-535, A-534-C, A-534-B, A-536-A, A-534-A - W. 300 ft. of plate A-567, that portion of tax plate A-532, laying south of the center line of Main Street, extended east to the Mill Pond; Original Plat, Block 1: Lots 1 thru 6.

Appendix C

Public, Community Wide Survey Results

To garner public input on the City's downtown area, a survey was made available to community residents, business owners and stakeholders for the months of February, March and April of 2018. The survey was both available online (via Survey Monkey) and through hard (paper) copies, which were offered at City Hall and the Bangor Branch Library. In total, 61 survey responses were collected, of which approximately 75% of respondents participated online.

The following pages contain the full results of the online survey.

Q1 In three (3) words or less, please describe downtown Bangor:

Q2 How often do you visit downtown Bangor? Ex: Shop at a store, watch the parade, etc.)

Answered: 60 Skipped: 1

ANSWER CHOICES	RESPONSES	
Daily	26.67%	16
Weekly	33.33%	20
Monthly	8.33%	5
Only for Major Events	5.00%	3
Rarely	23.33%	14
Never	3.33%	2
TOTAL		60

Q3 Typically, what day of the week do you most often visit the downtown Bangor area?

Answered: 60 Skipped: 1

ANSWER CHOICES	RESPONSES	
On a Weekday (Monday - Friday)	55.00%	33
On a Weekend (Friday night, Saturday or Sunday)	41.67%	25
I do not visit downtown Bangor	3.33%	2
TOTAL		60

Q4 Typically, what time of the day do you most often visit downtown Bangor?

Answered: 60 Skipped: 1

ANSWER CHOICES	RESPONSES	
Morning	21.67%	13
Afternoon	46.67%	28
Evening	28.33%	17
Late Night (7:00 PM and later)	0.00%	0
I do not visit downtown Bangor	3.33%	2
TOTAL		60

Q5 How often do you travel through downtown Bangor, but do not stop? (Ex: just drive-through the downtown)

Answered: 59 Skipped: 2

ANSWER CHOICES	RESPONSES	
Daily	30.51%	18
Weekly	22.03%	13
Monthly	8.47%	5
Rarely	30.51%	18
Never	8.47%	5
TOTAL		59

Q6 What do you do when visiting downtown Bangor? (check all that apply)

Answered: 60 Skipped: 1

ANSWER CHOICES	RESPONSES	
Shop (ex: grocery store, retail, gifts)	68.33%	41
Attend Major Events / Festivals (ex: parade)	43.33%	26
Workout (includes running through the downtown or attending a fitness studio)	1.67%	1
Dine (at a restaurant or bar)	53.33%	32
Go to Work (ex: if you are employed downtown)	18.33%	11
Attend to Business (ex: services at the post office, bank, insurance agency, etc.)	46.67%	28
Attend a Civic Facility (ex: City Hall, Library, etc.)	31.67%	19
Attend a Religious Facility	10.00%	6
Attend a Medical Service Facility (ex: doctors, dentist, etc.)	10.00%	6

ANSWER CHOICES	RESPONSES	
Single Family Home	77.78%	35
Duplex or Bungalow Court	4.44%	2
Attached Townhome	6.67%	3
Apartment	6.67%	3
Live / Work Unit (business / office space on the ground floor, residence above)	4.44%	2
TOTAL		45

Q10 If you are not interested in living in the downtown area of Bangor, what incentives or amenities (ex: new condos; covered parking; more coffee shops; bike paths; etc.) would make you reconsider and explore the option of living in the downtown area of Bangor?

Answered: 23 Skipped: 38

#	RESPONSES	DATE
1	More of everything. There is very little to do in Bangor.	4/25/2018 1:17 PM
2	We are from IL so I'm not sure what jobs are local	4/25/2018 11:20 AM
3	Updating/maintenance of buildings, better roads, bike paths, better quality housing	4/25/2018 7:33 AM
4	all of the above	4/23/2018 8:47 AM
5	CLEAN UP NEIGHBORHOODS!!! So many unkept and dilapidated homes. Also, with the lack of amenities the taxes are outrageous! I actually looked into possibly moving to that area, but between the blight amongst neighborhoods and taxes, it did not make sense.	4/16/2018 3:13 PM
6	More shops; sit down dining restaurants.	4/9/2018 9:43 AM
7	engineering jobs	4/5/2018 2:37 PM
8	Diversity of shopping options; coffee shops; more restaurants; clean and attractive parks	4/5/2018 2:03 PM
9	Better places to eat an evening meal other than Bangor Tavern. I would love to see another restaurant that also served wine/alcohol with a modern flare for people under 60.	3/14/2018 10:23 AM
10	Nothing. I'd rather live in the country.	3/3/2018 9:14 AM
11	Get rid of the rif raf drug using people. Autumn winds and the other apartment complexes are full of poor drug using people. Alot of stealing goes on also.	3/3/2018 5:09 AM
12	Apartments that are not income based	3/2/2018 10:35 PM
13	Better Schools, more shops downtown, better parks	3/2/2018 4:22 PM
14	Lower water bills, and more interactive city members	3/2/2018 10:15 AM
15	I would consider living in an upper unit of a retail space if the rent for these office spaces was more reasonable.As a home based business owner, I've many times considered opening a shop downtown. But all spaces available are far too costly for our area.	2/23/2018 7:50 AM
16	Community garden, more options for healthy eating/shopping,	2/23/2018 1:00 AM
17	More family friendly options for outdoor activities Diverse restaurants	2/22/2018 2:14 PM
18	coffee shops, gym	2/21/2018 9:20 PM
19	Industry	2/21/2018 3:09 PM
20	more restaurants and shopping, safe walking trails/paths,	2/21/2018 11:40 AM
21	We need more places to eat and shop. I'd love to see a hot dog joint, or a taco joint, or an ice cream shop. A craft store, clothing store, a skate park for teens. Sidewalks in city limits.	2/21/2018 10:54 AM
22	More restaurant options. Better roads. More police presence. Less blight. Better upkeep of city owned areas (roads, drains, leaf pickup frequency, tree removal, painting, replacing old/dilapidated railings, guardrails, sidewalks).	2/21/2018 10:34 AM
23	Better schools, houses better taken care of throughout to improve resale value	2/21/2018 9:56 AM

Q11 Do you own property or a business in downtown Bangor?

Answered: 51 Skipped: 10

ANSWER CHOICES	RESPONSES

9	Polite, well behaved citizens	3/5/2018 3:44 PM
10	Police enforcement to make it safer.	3/3/2018 9:18 AM
11	Marked crosswalk to cross 43	2/21/2018 3:11 PM
12	Better signage to local parks and safe walking routes, etc.	2/21/2018 11:43 AM
13	I don't bike because I'm afraid I'll be hit by a car.	2/21/2018 11:13 AM

Q17 If a shuttle service was available nearby (ex: train station, airport, South Haven), would you use this to visit Bangor's downtown area?

Answered: 48 Skipped: 13

ANSWER CHOICES	RESPONSES	
Yes, I would use the shuttle service to visit the downtown area of Bangor more frequently than I currently do.	14.58%	7
Yes, I would use the shuttle service to visit the downtown area of Bangor (in place of other transportation methods) but I would still visit the same amount as I do now.	6.25%	3
No, I would not utilize a shuttle service, I prefer other transportation methods to visit Bangor.	79.17%	38
TOTAL		48

Q18 Where do you typically park in downtown Bangor? (check all that apply)

Answered: 55 Skipped: 6

ANSWER CHOICES	RESPONSES	
On-street parking (ex: Parallel spaces along Monroe Street)	89.09%	49
DDA's parking lot (at Charles Street and the railroad tracks)	5.45%	3
Private business lots (ex: Harding's Market)	58.18%	32
Bangor Train Station	3.64%	2
Park	0.00%	0
I do not park because I use a taxi / Uber / or other drop-off service	0.00%	0
I use other transportation to get to and from downtown Bangor (please specify):	5.45%	3
Total Respondents: 55		

#	I USE OTHER TRANSPORTATION TO GET TO AND FROM DOWNTOWN BANGOR (PLEASE SPECIFY):	DATE
1	I walk, ride bike, or I'll park in the business, that I'm going to parking lot.	4/9/2018 9:45 AM
2	car	3/6/2018 2:54 PM
3	Lot between the police department and State Farm office	3/2/2018 10:37 PM

Q19 Typically (please consider all months of the year) how long does it normally take you to find a parking spot in downtown Bangor?

Answered: 55 Skipped: 6

ANSWER CHOICES	RESPONSES	
Immediately / first place I look.	70.91%	39
Have to look for a second parking option.	21.82%	12
Have to circle several times (5 minutes or more).	5.45%	3
I do not need a parking spot (typically walk, bike or get dropped off).	1.82%	1
TOTAL		55

Q20 Typically, if you use ADA accessible parking, how long does it normally take you to find a parking spot in downtown Bangor?

Answered: 42 Skipped: 19

ANSWER CHOICES	RESPONSES	
Immediately / first place I look.	11.90%	5
Have to look for a second option.	11.90%	5
Circled several times / 5 minutes or more.	2.38%	1
I do not require an ADA accessible parking space.	73.81%	31
TOTAL		42

Q21 Would directional signs to available parking areas in downtown Bangor help?

Answered: 53 Skipped: 8

ANSWER CHOICES	RESPONSES	
Yes, it is difficult to find parking, even for those who know Bangor well.	5.66%	3
Yes, but signage would only help those who are not familiar with downtown Bangor.	62.26%	33
No, parking is easy to find.	32.08%	17
TOTAL		53

Q22 Please leave any other comments regarding transportation in downtown Bangor that you would like the City to be aware of:

Answered: 6 Skipped: 55

#	RESPONSES	DATE
1	Roads/bridges in desperate need of repair.	4/9/2018 9:45 AM
2	do the local police have a drive home for drunks to keep them off the streets?	4/5/2018 2:59 PM
3	New DDA parking lot needs better sinage.	4/5/2018 2:04 PM
4	We have open property in Bangor and come up on the weekends. We often have our vehicle hook up with a utility trailer so having a lot with oversized spaces would be great.	2/27/2018 1:52 PM
5	Not all lots are parked as to whether they are public or private parking. Parked cars on street create difficulties turning onto m43	2/23/2018 1:04 AM
6	Better Roads	2/21/2018 3:11 PM

Q23 What level of value, importance or priority (with a low, moderate, or high rating) do you place on the following downtown redevelopment and revitalization efforts:

Answered: 49 Skipped: 12

	LOW PRIORITY	MODERATE PRIORITY	HIGH PRIORITY	TOTAL	WEIGHTED AVERAGE
Enhance pedestrian access by improving sidewalks, crosswalks and traffic circulation.	16.67% 8	37.50% 18	45.83% 22	48	2.29
Creating bike paths and connecting to the trail network.	36.17% 17	40.43% 19	23.40% 11	47	1.87
Restore and preserve the downtown's historic buildings and landmarks.	10.42% 5	37.50% 18	52.08% 25	48	2.42
Hold additional events / festivals in the downtown.	19.15% 9	44.68% 21	36.17% 17	47	2.17

City of Bangor - Downtown Survey

Develop additional housing in and near the downtown.	30.43% 14	43.48% 20	26.09% 12	46	1.96
Recruit businesses and expand a variety of shopping, dining, etc.	2.04% 1	20.41% 10	77.55% 38	49	2.76
Implement downtown signage and business / parking wayfinding directory.	31.25% 15	45.83% 22	22.92% 11	48	1.92
Installation of public art works throughout downtown.	41.67% 20	43.75% 21	14.58% 7	48	1.73
Address vacant spaces and/or buildings.	4.17% 2	16.67% 8	79.17% 38	48	2.75
Promote downtown Bangor to visitors.	4.17% 2	37.50% 18	58.33% 28	48	2.54
Maintain a welcoming, attractive streetscape experience (ex: litter control, trees, mowed grass, banners, etc.).	4.26% 2	25.53% 12	70.21% 33	47	2.66
Enhance waterways in the downtown area.	36.17% 17	27.66% 13	36.17% 17	47	2.00

Q24 What one project would you like to see Bangor do as it relates to the downtown's continued growth and improvement?

Answered: 35 Skipped: 26

#	RESPONSES	DATE
1	Dog Park	5/1/2018 7:49 AM
2	existing businesses updated, more businesses brought to area.	5/1/2018 7:12 AM
3	More restaurants, brewery's, wineries	4/25/2018 11:33 AM
4	Address vacant spaces and/or buildings by attracting new businesses	4/25/2018 7:41 AM
5	more parking.	4/24/2018 1:58 PM
6	More restaurants (family type), increase city wide activities i.e. garage sales, festivals, larger parades, contests (holiday) street band-dancing.	4/23/2018 8:49 AM
7	CLEAN IT UP!	4/16/2018 3:41 PM
8	clean up residential properties at the gateways.	4/9/2018 1:42 PM
9	Improvement to the parks, sidewalks, and city hall building.	4/9/2018 9:47 AM
10	festival events - beer, wine and art	4/5/2018 3:08 PM
11	festival-live events	4/5/2018 2:48 PM
12	wifi	4/5/2018 2:27 PM
13	Finish filling downtown business	4/5/2018 2:24 PM
14	Refurbish upstairs City Hall - create incubator businesses with wifi and coffee bar; potential restaurant - including complete restoration of City Hall. Develop the Mill Pond for water fees, clean up for fishing, condo's, etc.	4/5/2018 2:09 PM
15	Maintain what you have and expand your retail/restaurants to attract people from surrounding towns and tourists who drive through Bangor 7 months of the year.	3/14/2018 10:32 AM
16	bangor needs a motel	3/12/2018 10:46 AM
17	Improve the City Hall appearance. The downtown vision is reflected by the appearance of the city hall and I have noticed boarded up windows, stained brickwork, peeling paint on window frames to mention a few things. The condition speaks volumes to visitors about the pride or lack of it in the downtown area as a whole.	3/10/2018 11:04 PM
18	coffee shop bakery	3/6/2018 3:00 PM
19	Fill the empty storefronts	3/5/2018 3:47 PM
20	Address vacant buildings that make downtown look horribly run down.	3/3/2018 9:23 AM
21	Get rid of the vacant falling down building behind dollar general.	3/3/2018 5:21 AM
22	Bring more businesses to town	3/2/2018 10:40 PM
23	Make sure even empty storefronts are kept clean and attractive.	3/2/2018 6:48 PM
24	Art	3/2/2018 5:42 PM
25	More festivities	3/2/2018 10:20 AM
26	Improve the esthetic of some of the homes.	2/27/2018 1:54 PM
27	Keep cleaning it up; buildings etc. The walkways on the north side of main street are shabby (on the calabash side) no visually stimulating landscaping is on that section as well as everything seems to appear dead when you get to Roma's	2/23/2018 8:03 AM
28	Accessibility to trails, parks and family friendly venues	2/22/2018 2:17 PM

City of Bangor - Downtown Survey

29	More businesses	2/22/2018 1:27 PM
30	Improve building appearance	2/21/2018 9:26 PM
31	DEVELOPEMENT of Mill pond	2/21/2018 3:14 PM
32	Sidewalks redone	2/21/2018 1:47 PM
33	recruit businesses	2/21/2018 11:47 AM
34	Store fronts and vacant buildings	2/21/2018 11:04 AM
35	Restaurant choices. No one will visit or spend time in Bangor without food choices. Bangor Tavern is old news and not everone likes a bar scene. Roma's in limited hours and does not accept debit/credit cards which is an inconvenience. Railroad Cafe is good, but priced higher than it really should be and is also limited in operating hours. Hardings does not have a deli or any take-out foods. McDonalds is not a healthy choice.	2/21/2018 10:51 AM

Q25 What do you feel is the greatest challenge facing downtown Bangor?

Answered: 36 Skipped: 25

#	RESPONSES	DATE
1	Stagnant Growth, Niche Businesses	5/1/2018 7:49 AM
2	not charge so much for businesses to be established in the area	5/1/2018 7:12 AM
3	Level of income of residents. Makes attracting new businesses difficult. Getting people to stop in Bangor on their way to/from South Haven.	4/25/2018 7:41 AM
4	a lot of people driving around intoxicated.	4/24/2018 1:58 PM
5	Lack of business, empty stores, no jobs, what are our teens to do!	4/23/2018 8:49 AM
6	The blight along M-43 entering and exiting the town. There are wonderful features in the community but the blight completely overshadows it. It may not make sense to improve parks if the unsightly buildings and old businesses are still	4/16/2018 3:41 PM
7	after business hours, 5-9pm traffic.	4/9/2018 1:42 PM
8	Bringing people in to stay and spend money (attraction, visitors).	4/9/2018 9:47 AM
9	money	4/5/2018 3:08 PM
10	money	4/5/2018 2:48 PM
11	image	4/5/2018 2:27 PM
12	Money	4/5/2018 2:24 PM
13	Cleaning up vacant lots, blight, etc.	4/5/2018 2:09 PM
14	The number of empty businesses and recruiting businesses to come here.	3/14/2018 10:32 AM
15	marketing to stop traffic	3/12/2018 10:46 AM
16	Keeping the storefronts filled.	3/10/2018 11:04 PM
17	interest	3/6/2018 3:00 PM
18	Loitering	3/5/2018 3:47 PM
19	It's "just a drive-through town" on the way to South Haven or Kalamazoo.	3/3/2018 9:23 AM
20	Changing its image. Getting businesses to want to stay in Bangor.	3/3/2018 5:21 AM
21	Lack of housing options for people who are not receiving government housing	3/2/2018 10:40 PM
22	Attracting businesses that locals will support.	3/2/2018 6:48 PM
23	Empty storefronts... (but that is improving, I think...	3/2/2018 5:42 PM
24	High prices of property and water	3/2/2018 10:20 AM
25	Money	2/23/2018 9:07 AM
26	The cost of business office space is unreasonable considering the economic situation of the majority of our residents. Though the buildings are being improved, the high cost of rent deters small business owners from opening shop. Bangor wants to build up the downtown area, business owners want to be successful and offer goods and services; there has to be a happy medium for both. The rent for retail spaces is ridiculous considering our economic state of downtown Bangor.	2/23/2018 8:03 AM
27	Shrinking community	2/23/2018 1:06 AM
28	Lack of diverse businesses	2/22/2018 2:17 PM
29	Getting people to shop local	2/22/2018 1:27 PM
30	Feels run down	2/21/2018 9:26 PM

City of Bangor - Downtown Survey

31	Current council	2/21/2018 3:14 PM
32	Crossing monroe st walking	2/21/2018 1:47 PM
33	lack of businesses	2/21/2018 11:47 AM
34	I have considered opening a business in Bangor but I worry that the income level of bangor residents wouldn't support it.	2/21/2018 11:04 AM
35	Bangor is trying to become a tourist destination, which it will never be. This is a drive through town. Most of the business given to businesses are from the people who live here. I would love to see focus be brought back to enticing its own residents to enjoy the city first. Bangor is not South Haven or Paw Paw.	2/21/2018 10:51 AM
36	How rundown it is. Not a lot to do. No good restaueands	2/21/2018 10:01 AM

Q26 What do you think would make downtown Bangor a more desirable place to visit? (check all that apply)

Answered: 50 Skipped: 11

ANSWER CHOICES	RESPONSES	
More retail shops	80.00%	40
More restaurants	76.00%	38
More night life	26.00%	13
More housing	26.00%	13
More events / festivals	42.00%	21
More green space	20.00%	10
Lodging (bed and breakfast, hotel, motel, etc.)	52.00%	26
Total Respondents: 50		

Q27 What kinds of events, if held in downtown Bangor, would you like to attend? (check all that apply)

Answered: 48 Skipped: 13

ANSWER CHOICES	RESPONSES
Music and concerts	60.42% 29
Farmers market	72.92% 35
Festivals / parades	52.08% 25
Food, wine and beer events	64.58% 31
Plays and cultural entertainment	41.67% 20
Other (please specify)	22.92% 11
Total Respondents: 48	

#	OTHER (PLEASE SPECIFY)	DATE
1	Kid park like South Haven has or a play water fountain like St Josephh has. Have an indoor entertainment center thru the cold season. A place to keep the kids off the streets and wandering around to look for trouble. A place families can go to day or night for activities.	5/1/2018 7:12 AM
2	I think meal tasting is so unique and will bring tourists	4/25/2018 11:22 AM
3	Host runs, build baseball/softball fields to host tournaments	4/25/2018 7:41 AM
4	Good food! Focus on beer, wine, marijuana, is not going to cultivate the community the way it needs. The greatest asset is that it is a train stop and with a nice B&B and some great food it could be a Chicago destination. What a fun "no drive" weekend that could be!	4/16/2018 3:41 PM
5	Sports tournaments, i.e. Gus Macker.	4/9/2018 9:47 AM
6	car shows	4/5/2018 3:04 PM

City of Bangor - Downtown Survey

7	car shows	4/5/2018 3:02 PM
8	antiques, car shows, live music	4/5/2018 2:48 PM
9	Cultural Walks of Art and History.	3/2/2018 5:42 PM
10	Outdoor movies during the summer months	2/21/2018 11:47 AM
11	Movies in the park	2/21/2018 11:04 AM

Q28 Would the availability of free wi-fi in the downtown area impact your decision to visit?

Answered: 50 Skipped: 11

ANSWER CHOICES	RESPONSES	
It wouldn't change how often I visit.	72.00%	36
I would visit more frequently for pleasure (ex: shopping, meeting friends, attending events etc.)	14.00%	7
I would visit more frequently for business (ex: working the afternoon in a coffee shop, attending meetings, etc.)	14.00%	7
TOTAL		50

Q29 Do you live in the City of Bangor?

Q35 Thank you for participating in this survey ! Please list any other comments, ideas or suggestions for downtown Bangor that were not covered above.

Answered: 13 Skipped: 48

#	RESPONSES	DATE
1	The too close to the line of vision when going home north to south making a right hand turn to go west.	4/23/2018 8:51 AM
2	This community is one that has more potential than hundreds of other small communities, yet it has lacked leadership, vision, and community pride. Ken Ratzlaff has done more for this community than anyone could ever ask, yet he has been like a one-man Bangor advocate. It is sad that more leaders could not join in his efforts to see Bangor become a vibrant community that inspires folks to want to move there.	4/16/2018 3:48 PM
3	i would like to see the heritage trail developed. A business to transport passengers, canvas, kayaks. Develop a few businesses along the trail for stopping, i.e. picnic area; tackle/bait shop; ice cream/burger stand. Give people a reason to spend the day enjoying the trail.	4/9/2018 9:49 AM
4	Market Bangor in other regions, ie Chicago news, etc.	4/5/2018 2:10 PM
5	Bangor is full of possibilities. It is one of the cleanest towns in VanBuren County. I live in Geneva twshp and hope you can make improvements so others see what a nice place Bangor is!	3/14/2018 10:36 AM
6	Make is safe!!	3/3/2018 9:25 AM
7	Need to clean up damaged trees left from the tornado in lions park that are near the retirement home. Do something with the building formerly known as the hot dog shack. Very unappealing. Bring in another fast food choice. An ice cream shop would be great	3/3/2018 5:28 AM
8	We could really use a dog park in Bangor.	3/2/2018 6:49 PM
9	This has been done many times in the past, why will now make a difference	2/21/2018 3:16 PM
10	Fixing roads	2/21/2018 1:49 PM
11	WiFi would be great to have. Would not affect the number of times I visit.	2/21/2018 11:25 AM
12	I love Bangor and I look forward to any positive changes you make!	2/21/2018 11:07 AM
13	Upkeep what is already here. Parks are being left to rot, roads are atrocious. Please make residents feel like they are first. This reach to try to be a tourist town feels like a waste of time and money.	2/21/2018 10:55 AM
